01TK-18.15	M 18x15	19	22	12	60	12	-

Material
Plug made from thermoplastic material (Polyamide 66) ensuring high mechanical resistance at both low and high temperatures. Dimensional stability and shock resistance. Flat washer fiber seal, asbestos-free.

Description
Threaded breather plug with extended knurled, cylindrical grip.
Designed for oil chambers where there are significant oil splashes and a consequent danger of oil overflow from the breather hole (diam 2.5 mm).
The combined action of the internal anti-splash fins and the breather hole, located at the top of the plug, prevents the overflow of liquids.

Colour
Black.

Notes
The plugs are supplied, as standard equipment, with OIL text.

Package
1 - 50 - 100 pcs.
